This image shows a horizontal rectangular grid structure. It consists of a thick outer border and a thin inner grid. The grid is composed of many small, uniform squares. The overall appearance is that of a header or a separator bar in a document or spreadsheet.

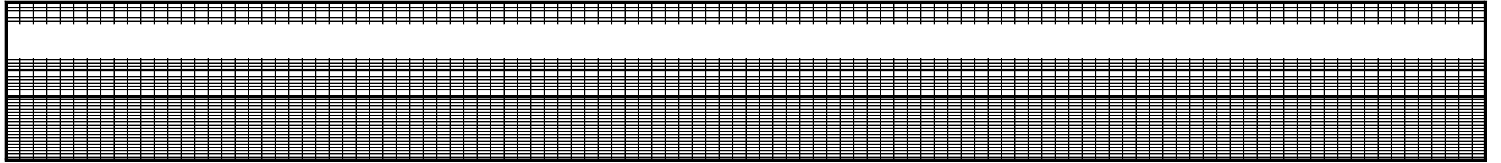

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

This image shows a horizontal rectangular grid. It features a prominent, thick black border. Inside this border, there is a fine, regular grid of thin black lines. The grid is composed of approximately 100 columns and 10 rows. The overall appearance is that of a header bar or a decorative separator at the top of a page.

This image shows a large rectangular grid structure at the top of the page. It consists of a thick outer border and a thin inner grid. The grid is composed of many small, uniform cells, likely intended for data entry or as a decorative header element. The rest of the page is blank white space.

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small squares, forming a dense pattern. The overall appearance is that of a technical drawing or a data table template.

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner border, creating a wide, empty space in the center. The grid is composed of many small, uniform squares, typical of a ledger or a data table. The grid is positioned at the top of the page and spans most of its width.

The image shows a horizontal rectangular grid. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small, uniform squares, creating a dense pattern. The overall appearance is that of a header or a decorative separator bar at the top of a page.

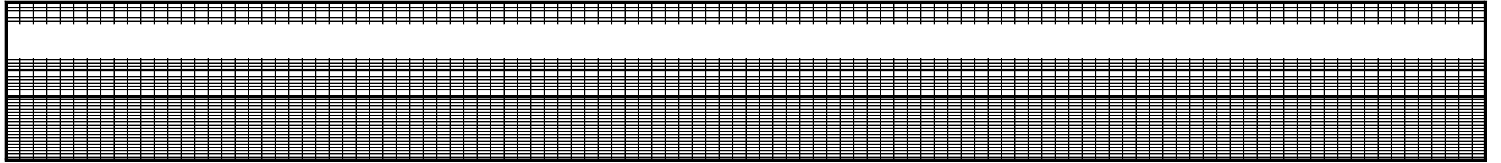

The image shows a horizontal rectangular grid. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small, uniform squares, creating a dense pattern. The overall appearance is that of a header or a decorative separator bar in a document layout.

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

The image shows a large, empty grid of small squares, typical of graph paper or a data table. The grid is composed of many small, uniform squares arranged in a regular pattern. It is located at the top of the page and is completely blank, with no text or data entered.

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner border, creating a wide, empty rectangular frame. The grid is composed of many small, uniform squares, typical of a spreadsheet or a form template. The grid is positioned at the top of the page and is otherwise empty.

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner border, creating a wide, empty space within. The grid is composed of many small, uniform squares, typical of a ledger or a data table. The grid is positioned at the top of the page and occupies a significant portion of the width.

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small squares, forming a dense pattern. The grid is oriented horizontally and occupies the top portion of the page.

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

The image shows a large rectangular grid structure, likely a table or a form. It consists of a thick outer border and a thin inner border, creating a wide central area. The grid is composed of many small, uniform cells, suggesting a high-resolution or detailed layout. The grid is positioned at the top of the page, with the rest of the page being blank white space.

The image shows a large rectangular grid structure. It consists of a thick black border enclosing a central white rectangular area. The grid is composed of many small, uniform squares, typical of graph paper or a data table. The grid is oriented horizontally and occupies the top portion of the page.

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small squares, forming a dense pattern. The overall appearance is that of a technical drawing or a data table template.

The image shows a horizontal rectangular grid at the top of the page. It consists of a thick outer border and a thin inner grid. The grid is composed of approximately 100 columns and 10 rows. The top row of the inner grid is significantly taller than the other rows, suggesting it might be a header row. The rest of the grid is empty.

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small squares, arranged in approximately 10 rows and 100 columns. The grid is empty, with no text or data inside.

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

This image shows a horizontal rectangular grid structure. It consists of a thick outer border and a thin inner grid. The grid is composed of approximately 100 columns and 10 rows. The top row is significantly taller than the other rows, suggesting it might be a header or a separator. The rest of the grid is a uniform, fine-grained pattern of small squares.

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small squares, forming a dense pattern. The grid is oriented horizontally and occupies the top portion of the page.

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small squares, forming a dense pattern. The grid is oriented horizontally and occupies the top portion of the page.

This image shows a large rectangular grid structure at the top of the page. It consists of a thick outer border and a thin inner grid pattern. The grid is composed of many small squares, with a larger square area in the center. The rest of the page is blank white space.

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner border, creating a wide, empty rectangular frame. The grid is composed of many small, uniform squares, typical of a spreadsheet or a data table. The grid is positioned at the top of the page and is otherwise empty.

The image shows a horizontal rectangular grid at the top of the page. It consists of a thick outer border and a thin inner grid. The grid is composed of approximately 100 columns and 10 rows. The top row of the inner grid is significantly taller than the other rows, suggesting it might be a header row. The rest of the grid is empty.

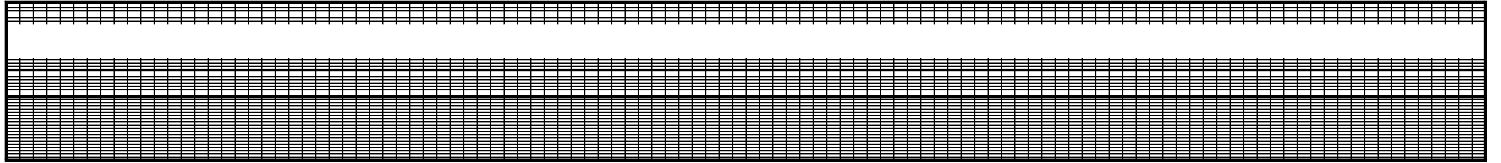

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small squares, forming a dense pattern. The overall shape is a horizontal rectangle.

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

The image shows a horizontal rectangular grid. It features a prominent, thick black border. Inside this border, there is a secondary, thinner grid structure. The grid is composed of many small, uniform squares, creating a dense, textured appearance. The overall shape is a long, thin rectangle, typical of a header or a decorative separator in a document layout.

This image shows a large rectangular grid structure at the top of the page. It consists of a thick outer border and a thin inner grid. The grid is composed of many small, uniform cells, likely intended for data entry or as a decorative header element. The rest of the page is blank white space.

The image shows a large rectangular grid of small squares, resembling graph paper or a data table. The grid is composed of many small, uniform squares arranged in a regular pattern. It is positioned at the top of the page and occupies a significant portion of the width. The grid is empty, with no text or data entered into the cells.

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner border, creating a frame. The interior of the frame is filled with a fine grid of small squares, similar to graph paper. The grid is empty and occupies the top portion of the page.

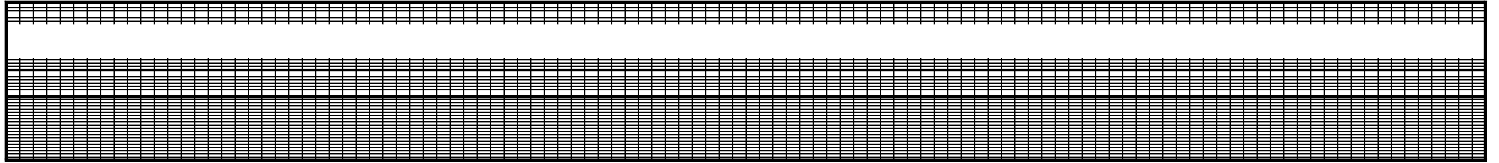

A large rectangular grid structure, possibly a header or separator, consisting of a thick outer border and a thin inner grid pattern.

The image shows a horizontal rectangular grid at the top of the page. It consists of a thick outer border and a thin inner grid pattern. The grid is composed of approximately 100 columns and 10 rows. The top row of the inner grid is significantly taller than the other rows, suggesting it might be a header row. The rest of the grid is empty.

The image shows a horizontal rectangular grid structure. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small, uniform squares, creating a dense pattern. The overall appearance is that of a header or a separator bar in a document or spreadsheet.

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small squares, forming a large rectangular area. The grid is empty and appears to be a template for data entry or a drawing area.

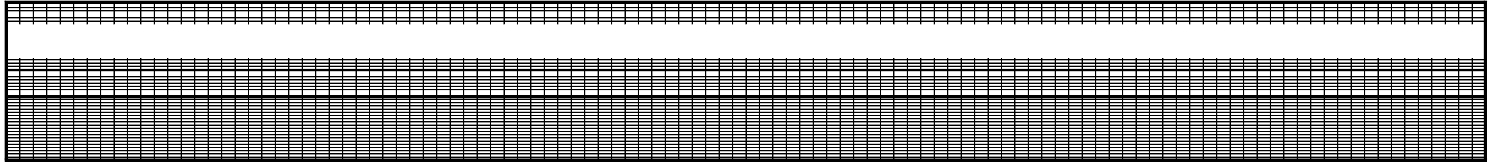

The image shows a horizontal rectangular grid at the top of the page. It consists of a thick outer border and a thin inner grid. The grid is composed of approximately 100 columns and 10 rows. The top row of the inner grid is significantly taller than the other rows, suggesting it might be a header row. The rest of the grid is empty.

The image shows a horizontal rectangular grid. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small, uniform squares, creating a dense pattern. The overall appearance is that of a header or a decorative separator bar in a document layout.

The image shows a large rectangular grid with a thick black border. The grid is composed of many small squares, but the central portion is a large white rectangle, leaving only a thin border of grid lines around it. This structure is typical of a header or footer area in a document, possibly for a table or a form.

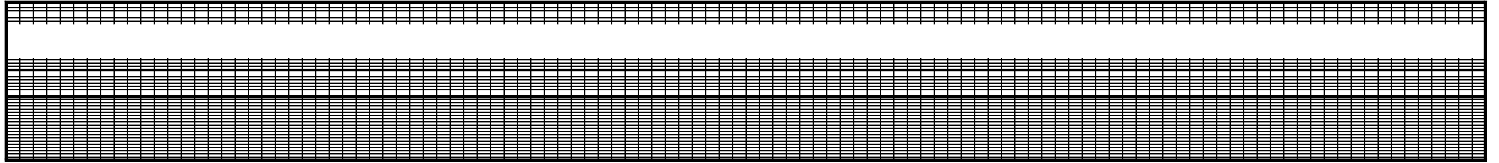

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner grid. The grid is composed of many small squares, arranged in a regular pattern. The grid is empty and occupies the top portion of the page.

The image shows a horizontal rectangular grid at the top of the page. It consists of a thick outer border and a thin inner grid. The grid is composed of approximately 100 columns and 10 rows. The top row of the inner grid is significantly taller than the other rows, suggesting it might be a header row. The rest of the grid is empty.

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

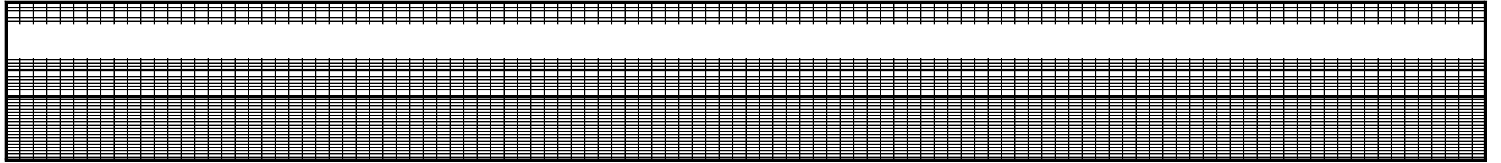

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small squares, forming a dense pattern. The grid is oriented horizontally and occupies the top portion of the page.

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small squares, forming a dense pattern. The overall shape is a horizontal rectangle.

The image shows a large, empty grid of small squares, likely a data table or graph paper, positioned at the top of the page. The grid is composed of many small, uniform squares arranged in a regular pattern. The grid is bounded by a thick black border on the top, bottom, and sides. The interior of the grid is white, with only the grid lines visible. The grid is approximately 100 columns wide and 10 rows high.

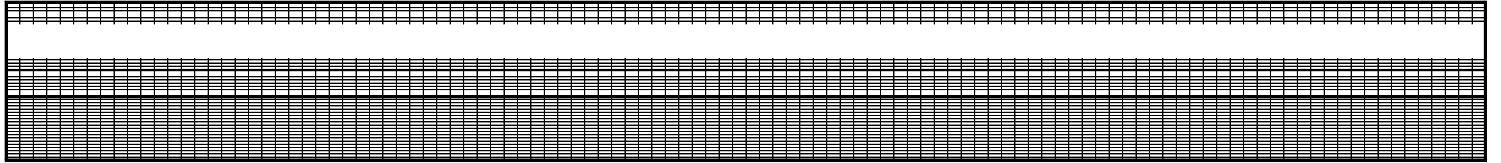

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

A large rectangular grid structure, likely a placeholder for a table or data. It features a thick black border and a thin internal grid pattern. The grid is composed of approximately 100 columns and 10 rows. The top row is significantly taller than the other rows, suggesting it might be a header row. The rest of the grid is empty.

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner border, creating a wide, empty space within. The grid is composed of many small, uniform squares, typical of a spreadsheet or a form template. The grid is positioned at the top of the page and is completely empty of any text or data.

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small squares, forming a dense pattern. The grid is oriented horizontally and occupies the top portion of the page.

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

The image shows a horizontal rectangular grid at the top of the page. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small, empty rectangular cells, arranged in approximately 10 rows and 100 columns. This structure is typical of a header or a separator bar in a document or spreadsheet.

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

The image shows a large, empty grid of small squares, typical of graph paper or a data table. The grid is composed of many small, uniform squares arranged in a regular pattern. It occupies the top portion of the page and is completely blank, with no text or data entered.

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

The image shows a large rectangular grid structure. It consists of a thick outer border and a thin inner grid. The inner grid is composed of many small squares, forming a dense pattern. The grid is oriented horizontally and occupies the top portion of the page.

The image shows a large, empty grid of small squares, typical of graph paper or a data table. The grid is composed of many small, uniform squares arranged in a regular pattern. It is located at the top of the page and is completely blank, with no text or data entered.

A large rectangular grid with a thick border, consisting of many small squares. The grid is empty and occupies the top portion of the page.

This image shows a horizontal rectangular grid structure. It consists of a thick outer border and a thin inner grid. The grid is composed of many small, uniform squares, creating a dense pattern. The overall appearance is that of a header or a decorative separator bar at the top of a page.
